

WORLD GYM

Attention World Gym Members,

We want to thank you, our World Gym family, for all the continued support over the last 18 months. It has been unpredictable with lots of ups and downs.

Without your support, we wouldn't be where we are today!

The City of Calgary's newest bylaw requires all fitness facilities to implement the Restriction Exemption Program. This document will detail what the requirements are for access to the club, and any FAQs. If you have a question that is not answered in this document, please contact your home club directly.

Effective Monday, November 1st, 2021:

- **Capacity:** no limit
- **Time limit:** no limit
- **Classes:** running as per schedule posted online
- **Masks:** required while entering and exiting the facility, but not required during your workout
- **All members and guests will be asked to present a piece of Government Issued Photo ID and one of the following before their first visit:**

Option 1: Government issued QR Code: Proof of vaccination: 2 doses + 2 weeks. (Paper or screenshotted online records are no longer accepted.)

Option 2: Proof of privately paid negative COVID-19 test taken within 72 hours prior to entering facility (PCR or rapid antigen test; tests will not be provided by World Gym)

Option 3: Documentation of medical exemption (paper or digital is accepted)

What if I'm not vaccinated and cannot use the facility under these restrictions?

Please call or e-mail your home club to review your options.

If you have any further questions we did not answer above, please contact your home club!

QR CODE FAQ

What if I received my doses out of province?

If you were partially or fully vaccinated outside of Alberta, update your health records by submitting your out-of-province/country immunization records online at ahs.ca/vaccineregistry.

What if I'm not from Alberta?

You will be required to present the government issued QR code from your home province to the front desk on your next visit. We are able to scan QR codes from all provinces.
